a. Date service rendered

b. Meter Readings, previous month and present.

c. Usage in KWH for the month based on meter readings.

d. Amount owed before adjustments.

e. "Demand" is the total amount of electricity being used by a consumer at any one time.

f. Wholesale power adjustment is the component on your electric bill that directly reflects increases/decreases to the cost of the fuels to generate electricity.

g. The amount to be paid as of the due date.

h. Statistical comparisons of the bill and a graph representing the previous 13-month usage .

i. The amount owed including a late penalty. Bills are due 15 days after bill date. To avoid a penalty, payment must be received by 5 p.m. on the due date.

j. Telephone number listed on your account. Please check for accuracy! This number is useful in identifying your account when reporting outages.
